

EBRIETAS CONTACTLIST SOUND ENGINEER

ABOUT

Ebrietas don't have an in-house Technician. Since a while, we have been able to count on the Support of the following People, who are familiar with our Soundsystem and are committed to getting the best out of your Show in Zurich's Underground for little Money. It is the Bands' Job to contact them, exchange Riders and discuss the technical Details.

Please note:

- They all do this voluntarily in Addition to a Dayjob and rely on early Requests.
- Fees will be deducted from the Doordeal (unless otherwise agreed)
- If you have any basic technical Questions, please contact Friedemann*

FRIEDEMANN *
